

DARING RESCUE

RULES: IDPA Rules

Created By: RicoCastro

START POSITION:

Shooter starts with pistol holstered, loaded to 10 rounds MAX including chambered round, in concealed carry configuration (concealed carry optional)

SCENARIO:

Shooter is aware that two family members are being held inside a gang leader's house. He/she must walk up the driveway to two guards, engage in a short conversation, then take them down and enter the house to rescue the family members

PROCEDURE:

Shooter will start in box walking up walkway, engage in conversation with two guards. At shooter's discretion, he/she will draw and fire (RSO then starts timer) two shots to the body, one to the head on each target with as many shots as necessary. Shooter will then move to the house and open door, seeing another guard at 50 yards, makes at least two hits on this steel target. Shooter then moves into house around corner, sees family member with popper target behind it. One shot to popper will then engage the beartrap target. Shooter must take two shots at suspect target behind second family member at beartrap target. Stage ends at last shot. Standard scoring
