

Urban Tactical Match Info, September 20, 2025

Equipment Needed: Shotgun with sling, Pistol with holster, some means of carrying at least three shotgun rounds (can be your pockets if you have nothing else)

Ammo Needed: 7 rounds shotgun birdshot, 3 rounds shotgun slug, 8 rounds for pistol
(Note: These are the absolute minimum rounds required, you will likely need more)

Scenarios: This month we will be focusing on short range precision with the pistol combined with some math, so bring your thinking caps. We will also be doing some “slug select” drills on shotgun, so research that if you don’t know what it is, and practice a few times before range day.

Check out the stage info for more info, and see you on Saturday.
